

LANGUAGE STUDY NECESSITY

Khamrayeva Shahlo Shuhratovna

Senior teacher of the Department of
Teaching Foreign Languages
Tashkent State University of Economics

Abstract : *Current on the day language learning is for us many opportunities many. Financial or social from the point of view strict look edge in the language people " real " connection with to do them to our understanding help gives. The world increasingly globalizing going and two the language to know, just people for ordinary interest it's not of course this time on demand is spinning. This in the article edge languages of knowing benefits about word goes .*

Key word: *edge language, memory, word, pronunciation, international business, government prosperity, psychology, foreign language literature*

Current in the period in the world of languages general number 6500 thousand close. Additional language study not only this industry representatives for maybe, another profession owners is also necessary for .

For example businessman people example as let's say they in the global economy for solid place develop and him/her save stay very important . If a businessman edge fifty customers psychology and language good understand if you get to this achieve very easy It's going to happen . That's why many companies edge language knowing candidates Financial from income outside the language study to travelers unique experience presented will reach .

Foreign language if we know Our travel will also be cheaper . Various to countries when we go edge language to know to us very big benefit gives . The world different to the corners travel to do favorite , other of the peoples culture , tradition habits , lifestyle in style interesting people for edge language study very You are welcome . places local from people asking easy you can find , your own your wishes

, your desires easily explain you can get , you want your thing order you do You can.

If you use git if you use this to you excess cost will be .

Foreign language to know again one useful side that is you other friends in other countries your gain It is possible . It is very I think it 's great . Linguist of scientists research this shows that additional language study brain develops . Two and from it more than language learning as a result human memory activates . Listen to the radio , television watch from doing according to language study brain for useful function is considered . How many at the age of from being strict look edge language study mental to our activities positive impact conducts foreign languages to study unexpected from the advantages one that is, language study us in our lives every one on the front to victory our achievement for us adaptation to the ability has . Research result this shows that the language learned people world view wide It will be like this. in them every how problematic situations easy solution can to take ability is formed .

Foreign language learned people from others different as if free and fluent thinks. A foreign language of learning again one useful side that is , the edge languages study people analytical ability high at the level to increase reason will be. Many language learned of people conversation very interesting and interesting to be experiments through proven . that including critical too. Well, we are foreign languages which methods through " In childhood , taken I know. to the stone carved pattern " It's like this ." phrase in our people in vain appearance was not . For this reason to children small age from the past language to teach start necessary . To all of us obviously language study far time continue enough process is considered . For this reason old rule and to styles connected without leaving easy and interesting from methods use effective Language study for the most first of all solid will and strict order based plan to be enough . Movie and TV series exactly that's it in the language subtitles with watch to do necessary . Measure at the level of course . Day 30-40 during word to memorize habituation necessary . From your imagination passing

thoughts studying on your tongue permanent accordingly translation as It is also effective to go from methods one is considered . Now technologies developed period this from opportunities productive used using audio books without possible . From theory according to practice more success Infancy to our times look to put if we are our own wish and our wishes father to our mother explain We just them we listened and we repeated this for no how grammar and from theories we did not use . In 2016, the linguist scientists by the language heard easy study proving This method is given . other traditional from methods more efficient was . Listen and Understanding . You some the language understand you will get means this is that language perfect you know means it's not of course . You understanding with together speak you should also get pronunciation very important . Try to repeat need . From now on outside studying foreign in your language newspaper and articles regular accordingly read It's also useful to go. case not . Present on the day English language world to the language has become .That 's why most English language is trying to learn English language to know to us other industry their knowledge to our possession opportunity gives because many scientific works English in the language written in .

Conclusion

Language knew people such original works own in the language to read to the possibility has will be. Moreover all social networks English in the language illuminating given . English language technique language It's an exaggeration to say that it won't be possible, because every how the technique use instruction manual English in the language is given . Conclusion as in other words own profession to know one key additional language to know again one magical key task will do it for us . I wish all language learners, no matter what their language of choice, great victories and lofty goals.
